Egg Hatching Time!

In past years we have hatched chickens! It is always a fun and educational experience for the boys and girls as well as the staff! This year we have decided to hatch ducklings! It's a very similar experience to hatching chickens. The incubation time is 28 days as opposed to 21 days for chickens. The ducklings already have a home with our friend Corey. They will join our chicks from last year that he took home. He is very excited! We expect the eggs to go into the incubator on April 10th and hatch May 8th. Fingers crossed for a good hatch!

THANK
YOU!

Letter from the VP of Volunteering and Fundraising

Ashley Fisher | vicepresident@centralcoop.org

Hello Families!

What a wonderful school year it has been in our beautiful community. I want to thank each of you who have participated in our fundraisers this year. My goal has been to provide a variety of opportunities for families to participate in. Because of your generosity we are getting closer to upgrading our beloved playground.

As you read this, you will know we just finished our annual Hop-a-Thon which is a favorite of the children. This is also one of our biggest fundraising events for the school. Thank you to all who have contributed. There is still time if you would like to make a donation. Looking forward to the spring, we will be closing out the school year with another dining to donate cause and a family mini photography shoot with Farmhouse Photography. More details to follow with both events.

Looking forward to finishing this year strong with all of you!

Warmly,
Ashley Fisher
VP of Fundraising
